**GRADE 11**

**SUMMARY MAKING**

**C**lassified by: Mohamed Abdel\_Mawgood

**Read the following passage, then answer the question below:**

There are various methods to evaluate students, such as periodical tests and final exams. A teacher can notice how far his students are responsive to him. Some teachers often test their students on the spot to ensure they are on task. School activities, too, may be another evaluation area. They can practise doing things physically or mentally to show their interests, hobbies and characters. Evaluation is vital for developing the learning process and motivating students. Learning without testing could never achieve its ends, for testing reveals students' progress and evaluates methods of teaching. Therefore, evaluation aims at improving the students' level and the teachers' methods. According to students' scores, a teacher can adopt new methods to improve his students' standards.

**In FOUR sentences, summarize and paraphrase the previous passage in an answer to the following question:**

**What are the advantages of evaluation for both students and teachers?**

## GRADE 11 – UNIT NINE – SUMMARY MAKING

It can be extremely intimidating to go to a foreign country on your own or even with friends. It's natural to be nervous. That's why it's important to do your research ahead of time. Without research, you could land in a foreign country and suddenly realise that you have no idea how to catch a taxi, find a public bathroom or rent a hotel room. Buy a guidebook or check one out of the library on your destination. Read it thoroughly and get to know the areas that you want to explore. Learn some useful phrases in the native language. Also, make sure you understand the country's culture a bit, enough to know what clothing is appropriate and which Western customs are frowned upon. Check out what forms of transportation are most widely used in the area you are heading for. Guidebooks will tell you how reliable each mode of transportation is.

Owning a cat is quite popular in many countries all over the world. For millions of people, cats are their favourite pets. People sometimes forget, however, that owning a cat is a big responsibility. First, owners should have time as they need to feed, care for and clean up after their cats. They must also make sure their cats get enough exercise. In addition, cats need to be taken to the vet regularly to make sure they are healthy. Finally, owners have a responsibility to train their cats so they know how to behave around people. Cats are beautiful animals, and they deserve responsible owners who look after them properly.

**GRADE 11 – UNIT ELEVEN – SUMMARY MAKING**

**Read the following passage, then do as required:**

E-Readers are the future of reading, and it is clear that they are superior to printed books for many reasons. An e-reader allows its user to customise the letter size, font, and line spacing of any book you download, making the reading experience more comfortable. It also allows highlighting and electronic bookmarking for all the parts of the books you want to get back to. While these are all nice features, perhaps the most helpful of all is the ability to get dictionary definitions at the touch of a finger. On even the most basic e-reader, users can get instant definitions without having to hunt through a physical dictionary. Finally, the light weight of the e-reader allows users to carry hundreds of books in the palm of their hand.

**In a paragraph of FOUR sentences ONLY, summarise and paraphrase the passage above in answer to the following question:**

**Why are e-readers better than printed books?**

**- Read the following passage, then do as required:**

It is hard to know where to start when beginning strength training. There are countless exercises you can do. Some of which work with certain bodies, while others don't. With some familiarity of the basics, you can begin to craft a routine helping you achieve your personal goals. Strength training should be a part of your workout routine due to its numerous benefits. One purpose of strength training is to build muscles and improve bone density. For another thing, strength training increases the strength of ligaments and joint functioning. It can also help raise good cholesterol levels and lower blood sugar levels. Moreover, most people like strength training because of its most obvious benefit which is having a slimmer appearance.
