**Q** What is your favourite sport?

**Read the following story:**

Ahmed loves all kinds of sports. He plays in the school football team. His best friend, Yaser, plays in the team, too. Both of them can play tennis. Ahmed is also very good at swimming. One day, Ahmed and Yaser saw a programme on TV. It is about a new sport called cave diving.

Ahmed: I want to try that!

Yaser: It looks dangerous to me.

Ahmed: I need good equipment and a good teacher, that's all.

It is the day of Ahmed's first cave dive. His diving equipment is very heavy. He holds a coloured blue line to show him where to swim. He follows his teacher. He dives down into a very big cave. The water is warm. The cave is quite dark. He can see his teacher's light in front of him. Then, suddenly, he can't see the light. Ahmed is afraid! Does he follow the teacher? No! He holds the blue line and waits. He waits for five minutes, but it feels like a long time. He remembers two important things. One: don't leave the line. Two: don't follow, think!

His teacher comes back. Ahmed is very happy. Together they swim out of the cave to safety.

### **Desert Delights: Camping in Kuwait**

Kuwait: One of the joys of life for Kuwaitis is to spend time in the desert. Desert camping is a popular old Kuwaiti tradition. It's ideal between November and March when temperatures go down and the weather is cold.

In the past, camping required only a tent. At night, lights were provided by oil lamps, and cooking was done over the campfire.

Today's modern camping experience involves SO much more. There are modern appliances and facilities available in the camps. People use small tents as sleeping places and large family tents as family gathering places which are supplied with lights, satellite television and couches. There is usually a kitchen that is made of aluminium and may include a gas stove for cooking.

People spend a day or a week in camps. They enjoy many desert activities. During the day, children and young people enjoy playing different ball games, board games and kite flying. Family members and friends have Arabic coffee and dates, walk in the desert, watch TV and finish with barbecue dinner. At night, they all sit around the campfire and tell stories.

**Read the newspaper article, then match the headings with the paragraphs.**

The mall has been divided into four phases which include the world's famous stores and international high fashion and luxury brands from across Europe, the United States, Asia and Africa. The roof of the 2nd Avenue is made of glass to allow the sun to light up the internal area giving an outdoor feel. The Souk, which is located in Phase III, brings back the feeling of old Kuwait as it is similar to a traditional Kuwaiti souk with many small shops.

The Avenues Cinema has multi-screen movie Theatres with 11 screens (including a VIP cinema). The Avenues is the house to a wide variety of the finest outdoor and indoor restaurants in Kuwait. ## B. Reading Comprehension

Read the following passage, then answer the questions that follow :

There are many different kinds of parrots. Some are quite big; others are very small. They are believed to be one of the most intelligent bird species. Most parrot species depend on seeds as food. Others may eat fruit, nectar, flowers or small insects. Many people like them because they often have beautiful bright colours, and because they can "talk". Most parrots are social birds that live in groups.

Parrots are very good mimics and can copy sounds that they hear in their environment; they can even copy human words and laughter. No one knows why parrots can talk. Most birds can not. Some people say that parrots can talk because they have big, thick tongues. Parrots do not usually know what they are saying when they talk. They are only making sounds. However, they know when to say some words, such as "Hello" and "Goodbye".

Most parrots come from hot countries, but they can live anywhere. This is one of the reasons why sailors used to take parrots with them on long journeys. Perhaps another reason is that they wanted someone to talk to.
