Bad weather, fuel shortage and mechanical problems.

Any reasonable answer is to be accepted.

V- Writing (100 Marks)

100

Write on the following topic:

Everyone of us wants to be something when we grow up. We dream of achieving great things in the future.

Plan and write an essay of not less than **12 sentences (140 words)** about **your dream job**, why you chose this job and how you will achieve it.

NB: Your topic should include an introduction, 2 body paragraphs & a conclusion.

Outline (20 Marks)

20

Introduction:

Body:

Paragraph 1:

Paragraph 2:

Conclusion:

Exposition of ideas & coherence	Paragraphing & number of sentences	Spelling	Grammar	Handwriting, spacing & punctuation	Total
40	10	10	10	10	80
<ul style="list-style-type: none"> 20 marks to be deducted from the total mark for changing the format. Off point topics/ outlines receive ZERO. 5 marks to be deducted from the outline if the ideas are not used in the topic. 					

VI- Reading Comprehension (80 Marks)**Read the following passage carefully, then answer the questions that follow:****80**

Water is one of the most valuable and essential resources on Earth. It is the foundation of life, supporting all living creatures, from plants and animals to humans. Despite **its** importance, water is often not valued. As populations grow and demand of water increases, the availability of clean, fresh water becomes a significant global concern. Saving water is very important to ensure there is enough for future generations.

Water conservation refers to the responsible use and protection of water resources. Although the Earth is covered by water, only a small amount is fresh and suitable for human use. Around 97% of Earth's water is salty and found in oceans. Just 3% is fresh, and most of this it is locked deep underground. This leaves an even smaller percentage readily available for everyday use.

Human activities such as agriculture and industry put pressure on limited water supplies. Pollution and climate change make the situation worse, reducing the availability of clean water. Without active conservation efforts, lack of water could become a widespread problem.

There are a lot of simple and effective ways to save water. For example, turning off taps when not in use, fixing leaks, and using water-efficient appliances help reduce waste at home. Rainwater collecting and wastewater recycling are **innovative** solutions that can be used by people. Protecting rivers, lakes, and wetlands is also important, as these natural resources play a key role in maintaining water quality.

The benefits of water conservation go beyond saving the environment. It ensures clean water for drinking, farming, and other important activities such as preventing health problems. Saving water also helps protect plants and animals that depend on water to survive.

By practising water-saving habits, individuals and governments can together make a significant impact. Water conservation is not only a necessity but also a responsibility for a better future.

27. The **best title** for this passage would be:
- Rainwater Collection
 - Saving Water for the Future**
 - The Effect of Pollution on Rivers
 - The Percentage of Saltwater on Earth
28. The underlined word “**innovative**” in the 4th paragraph is closest in meaning to:
- creative**
 - harsh
 - hazardous
 - extinct
29. The underlined word “**its**” in the 1st paragraph refers to:
- water**
 - earth
 - foundation
 - life
30. According to the passage, one of the benefits of water conservation is:
- limiting water supplies.
 - ensuring clean water for drinking.**
 - reducing the availability of salty water.
 - using the small amount of water hidden underground.
31. According to the passage, all the following sentences are **TRUE EXCEPT**:
- About 97% of Earth's water is salty and found in oceans.
 - Some human activities increase the demand for limited water resources.
 - Using water-saving habits does not make a difference in saving water.**
 - Wastewater recycling is an effective method for managing water resources.

32. The purpose of the writer in writing this passage is to:

- a. describe the methods for using water daily.
- b. explain the difference between saltwater and fresh water.
- c. measure how much water is stored underground.
- d. **highlight the importance of water conservation.**

B) With reference to the passage, answer the following questions: (2x10=20 Marks)

33. What are the simple and effective ways to conserve water at home?

Turning off taps when not in use. / ... fixing leaks. / ... using water-efficient appliances help reduce waste at home.

34. How does saving water help protect the environment?

By protecting plants and animals that depend on water to survive.

Any reasonable answer related to the passage is to be accepted.

VII - Summary Making (60 Marks)**Read the following passage, then do as required:**

Fluoride has many benefits for keeping teeth healthy. One of these benefits is that it makes the tooth outer layer stronger, so teeth don't get damaged easily. Moreover, it can fix early tooth damage by helping minerals return to the teeth. Also, it slows down the growth of bad bacteria in the mouth. Lastly, using fluoride in toothpaste or drinking water helps prevent cavities in the teeth of both kids and adults. These benefits show how fluoride plays an important role in keeping our teeth clean and strong.

In a paragraph of FOUR sentences ONLY, summarise and paraphrase the passage above in answer to the following question:

What are the benefits of fluoride?

The answer should include the following FOUR ideas:

- Strengthening tooth outer layer to protect against damage
- Repairing early signs of tooth damage by helping minerals return to the teeth
- Slowing the growth of harmful bacteria in the mouth
- Preventing cavities in the teeth

Rubrics	Content/ relevance of ideas	Paraphrasing	Spelling & grammar	Format	Total
	30	20	5	5	60
<ul style="list-style-type: none"> • Copying the whole paragraph receives ZERO. • Exceeding the required number of sentences (Minus 5 marks for one sentence- Minus 10 for two sentences and above.) 					

VIII. Translation (20 Marks)

Translate the following into good English: (2x10= 20 Marks)

20

سالم: النشيد الوطني أحد الإنجازات المعروفة لأحمد مشاري العدوانى.

علي: كما أنه كتب العديد من القصص والقصائد.

Salem: The National Anthem is one of the well-known contributions (achievements) of Ahmed Mashari Al-Adwani.
